20 Years in the Secret Service

By Rufus W. Youngblood

When the President was assassinated in Dallas, it was secret service agent Rufus Youngblood who threw Lyndon B. Johnson to the floor of the limousine and covered his body with his own. His book is an exciting, candid story of the five presidents he served.

A Note from the Membership Director

I hope all of you have enjoyed a great summer and are ready to embrace these beautiful fall months – every Southerner’s gift for having survived the heat of summer! It has been a pleasure to get to know many of you in my first full month with the Brickyard, and I look forward to seeing you all at our upcoming events.

We are excited to announce our all-new, limited time membership program, called the Pathway Program. We thank you all for your critical role in the success of past programs such as the Buddy Program, and we hope you will share this great membership opportunity with your family and friends. The Program offers a number of unique sponsor benefits and a recruiting benefit for Buddy members – more details are available on the following page! As always, please reach out to me with any questions.

This is an exciting time to be a member at the Brickyard. With the Men’s Golf Association heading into its fourth month of activity, new dining events on Tuesdays and Fridays, and the golf course in excellent condition, there are many opportunities to enjoy the club for golf and social purposes. We hope to see you soon!

I hope you’ll all join us to welcome new members and make new connections during our Fall Membership Open House on Friday, September 18th. It promises to be a fun and exciting event as it coincides with our weekly drawing for a \$250 credit! Please R.S.V.P. to me, Eliza Vaughn, at membershipdirector@brickyardgolf.com.

As always, please feel free to stop by and say hello! I am happy to answer your questions about membership. Enjoy your fall and the start of football season!

Men's Golf Association Event Recap—August 19, 2015

The MGA at the Brickyard now has more than 50 members and has completed three Wednesday evening shotgun events! On August 19th, the group had a fun competitive event with approximately 40 players. We look forward to our next event on Wednesday, September 16th!

For information about joining the MGA, please contact the pro shop.

Driving Range & Practice Green Update

The driving range will be closed two hours before dark every Sunday evening.

This will allow staff to retrieve all range balls from the range, enabling our maintenance staff to mow on Monday and also ensuring we are not losing any range balls.

The driving range and practice greens are for the use of the members and their guests. The driving range and practice greens may be used by members during normal hours of operation.

- ◆ Guests must be accompanied by a member when using these practice facilities to prepare for their round of golf.
- ◆ The putting green adjacent to #1 tee and behind the
- ◆ outdoor pavilion are for practice putting only. (please do not chip to the greens.)
- ◆ The chipping green with the bunker next to the outdoor pavilion may be used for chipping from the grass around the green, as well as from the bunker next to the green.
- ◆ Please rake the bunker after you complete your practice and return the balls to the practice bucket so it will be ready for the next person to practice.

Thank you, Carl and Jim

A Note from your Course Superintendent

Fall is coming and it's time for the summer to wind down. The grass will begin slowing its growth and start storing food for winter. This month, we will be putting our Fall Fertilizer/Pre-emerge down, which is scheduled for Tuesday, September 22nd, to fertilize the entire course. We always work hard to schedule this type of maintenance on a Monday to avoid any inconvenience, but unfortunately the spread company did not have any open Mondays to accommodate us. Our intent, to best accommodate member play, is to arrange for play on the back nine while we fertilize the front, and then switch, moving play to the front nine while we fertilize the back. Once the Fall Fertilizer is spread, the course will be Cart Path Only for the remainder of the 22nd as well as on the 23rd. This is in the best interests of the condition of the course, keeping the carts from burning the grass with the fertilizer. We apologize for any inconvenience this might cause and appreciate your flexibility!

In exciting news, we have received all the materials needed to repair the bunker at #15 green, and we will begin this repair work the week of August 31st—September 4th. It should only take a few days. We need to remove the sand, the rotten liner, the old gravel, and inspect the drain lines. Afterward, we will install new gravel, liners, and sand. We will do this incrementally each day so that we can keep the course in good shape while working on the bunker. Thank you for your patience on this project!

I hope to see y'all out on the course!

Briane Faletto, GCS
