The Mercury 13

By Martha Ackmann

As NASA launched its first man into space, a group of women underwent secret testing in the hopes of becoming America's first female astronauts, but were summarily dismissed by the boys' club at NASA and on Capitol Hill. For the first time, Ackmann tells the story of the dramatic events surrounding these thirteen remarkable women.

Happy New Year from the General Manager

Out with the old year, and in with the new! As I reflect on the past year and all of its blessings, I would like to thank all of you for your contributions to the Employee Holiday Fund. Your generosity is greatly appreciated and our excellent staff is certainly grateful that you thought of them and their families this holiday season.

During the month of December, the Brickyard staff has been privileged to assist our members and guests with their holiday festivities. We have witnessed the smiles of children and their families enjoying the celebrations; these are special moments that uphold why the Brickyard is a “home away from home” for its members, families, friends, and guests. ***I would like to thank you for having your holiday events at the Brickyard!***

Charles Kettering, a prominent inventor, once said: *“Every time you tear a leaf off a calendar, you present a new place for new ideas and progress.”* As we welcome 2016, we welcome new membership programs, golf events, and dining experiences. We also say farewell to our Executive Chef, Mattie Lewis, as she will be retiring on January 3rd. Nevertheless, we are grateful that Chef Mattie will continue to work with us as needed on a consulting basis.

In an effort to optimize amenities and services, Brickyard has hired a consultant, Chris Murman. Chris will be assisting ownership with hiring a new management staff, analyzing business practices, and assisting with strategic planning for the future.

I am excited about the new programs and events planned for 2016. I wish to welcome you and your guests to great dining, exceptional golf, and a variety of recreational experiences and special events that will make life’s precious moments more enjoyable here at the Brickyard.

As always, I am open to your suggestions, feedback and recommendations; please feel free to contact me should you need assistance.

Have a safe, happy and prosperous new year!

A Note from the Head Golf Professional: Christmas Scramble Recap

Happy New Year to all our members and their families!

The golf staff would like to congratulate the team of Stephen Tafor and Bill Martin for their dramatic win in the season finale Christmas Scramble! Here's a little event recap:

The day started off cool, but the play heated up quickly as 17 teams teed off on Saturday, December 19th. The course being in immaculate shape, every competitor knew low scores were going to be needed to get into the 6 team shootout.

As the scores started rolling in, it was apparent that it was going to be tight for qualifying with early predictions of 68 or better. The teams gathered at the scoreboard as the final groups were finishing. A collective hush fell over the crowd as the scores of Dr. Mixon and partner Bart Tharpe (62) and Bret Stansfield and Brenton Easom (63) were posted, knocking out all teams 68 or above and requiring a match of cards for the teams that shot 67. Bill Martin and Dr. Tafor emerged as the last team to get into the shootout.

The teams of Mike and Michael Kitchens (64), Steve Gurley and Conrad Massey (64), and Ed Hutcheson and Fielding Gurley (64), joined the other 3 teams on 16 tee box to settle the Christmas Scramble Battle Royale.

All teams got off the tee box cleanly, with only the Stansfield-Easom team having some tree trouble for their second shot. The Hutcheson-Gurley team hit their second shot short onto the upslope of the green. Two teams hit the green in regulation with Bart Tharpe throwing a dart to six feet from the left rough, then calmly stroking in the slick left to righter for a birdie, securing his team's advancement to the next hole.

After chipping to 8 feet above the hole, the Hutcheson-Gurley team both burned the edge of the cup for their par making bogey. That left the other 4 teams who had made par to chip off to see who survives and advances forward. All teams turned their backs to the hole so no advantage could be gained by watching the results of each teams' chips. Michael Kitchens Jr. hit a beautiful chip to about 3 feet below the hole, but unfortunately it was 6 inches too long, as every other team hit amazing chips to a foot or less, eliminating the Kitchens-Kitchens team.

The remaining four teams moved on to 17, which all parred in routine fashion. All four teams now proceeded to the chip off and with the tension thick in the air, the teams of Stansfield-Easom and Martin-Tafor each hit chips to within 6 inches of the cup, eliminating the tournament low scoring team of Mixon-Tharpe and the team of Gurley-Massey.

As the sun was setting and the temps dropping, both remaining teams played up 18. The Martin-Tafor team hit their approach to 20 feet left of the hole while the Easom-Stansfield team pitched their 3rd shot to about 10 below the hole. The Martin-Tafor team two putted for par and awaited the results of the Stansfield-Easom birdie putt. Brenton, putting first, burned the left edge, leaving the stage for his partner. After carefully studying the line, Bret struck a solid putt that somehow stayed straight and lipped out on the high side, eliciting a Mickelson-like jump as the ball approached the hole. As an impartial observer, I must say much like the Mickelson jump at Augusta, Mr. Stansfield's vertical jump will never be confused for an NBA player.

Both teams then headed to a chip off with the Stansfield-Easom team chipping first. Their best effort finished two feet left of the hole. After Dr. Tafor chipped to four feet, Bill Martin calmly nipped his wedge shot to 6 inches, securing the victory and claiming bragging rights until next December. Thanks to all who competed!

The next event on the schedule is the Super Bowl Scramble in February. I look forward to 2016 and the full tourney schedule planned!

A Note from the Head Superintendent

Happy New Year! Boy, have we had a lot of rain! We want to thank our members for their help in staying on the cart path when asked and for avoiding wet areas on the course.

With the club and course closed from January 1st—8th, we will be looking to accomplish the following key maintenance items (weather permitting):

- ◆ Install catch basins and drainage lines on #8
- ◆ Raise irrigation heads around all greens to improve irrigation efficiency
- ◆ Finish bunker project on #15
- ◆ Other projects including tree pruning and cutting down the chordgrass

Each month brings new maintenance projects to the course, and February is no exception. We hope to work on adding sand to the bunkers, continuing with tree pruning and removal, and cutting down the chordgrass over the coming weeks.

See you on the course!

Briane Faletto, GCS

January -February Golf Tip

Last month, we talked about positioning yourself the proper distance from the ball. This month, let's talk about the width of your stance.

It's important to have the proper width, much like proper distance, because golf is a game of geometry and if your stance width is not correct, it becomes more difficult to strike the ball solidly.

Here is where it gets tricky. A good rule of thumb is: the shorter the club, the narrower the stance.

- ◆ Let's start with the driver—ball off left instep (righties) and width of stance shoulder width apart
- ◆ Fairway metals—ball forward in stance and feet shoulder width apart
- ◆ Mid Irons—ball position in middle of stance and begin to move your feet closer together, inside of shoulder width apart
- ◆ Short irons—ball position back of center and stance slightly narrower than with mid irons
- ◆ Wedges—ball back of center and stance even narrower, inside hip width
- ◆ Chipping and pitching—ball back of center and feet very close together, almost touching

As you can see, the shorter the shot becomes the more we narrow our stance. When you are hitting wedge shots or chipping, if your stance is too wide it makes it easy to hit shots fat or thin because the club has to be on the proper angle to make solid contact. If your stance is too wide, the club bottoms out before it gets to the golf ball.

I often see amateurs with their stance much too wide, and they struggle with consistency around the greens. Err on the side of being too narrow as opposed to being too wide and watch how much more solid your ball striking becomes.

If you have any questions please don't hesitate to call the shop or visit your golf pro!
